PREAMBLE:

Mobile devices provide a number of tools that can be used to support students' learning. This includes the ability to film, photograph, record audio and take notes. As well as this these devices are capable of providing access to the internet. This policy is designed to give teachers and students the opportunity to make the best possible use of available hand held devices to facilitate learning. **The College does not accept responsibility for the loss, damage, theft, or misuse of any mobile device.**

EXPECTATIONS:

Students are able to use their mobile devices at the College as long as they meet the following expectations.

During classes the use of any mobile device **will be directed by the supervising teacher**. Students are expected to have any mobile device on the desk in front of them. The device must be switched to silent unless otherwise directed by the teacher.

The use of any mobile device connected to the College Network will be NOT allowed before school, at recess and lunch or in the short break as students move between lessons.

INAPPROPRIATE USE

Unless otherwise directed by the supervising teacher students' devices are to be switched to silent and students are not to answer, text, talk nor should they be using snapchat or airdropping using their device in class.

The student is not to use the device to breach anyone's privacy. Filming, photography and audio recordings are only to be made with permission of the supervising teacher and are to be for specific educational purposes.

PLEASE NOTE: the filming of violent incidents is a serious offence and may jeopardise the student's enrolment at the College.

Any use of the device to harass, intimidate, threaten or bully other students or staff will be immediately reported to the Police and may jeopardise the student's enrolment at the College.

PLEASE NOTE: staff have the right to confiscate the phone or iPad if it is believed there is evidence related to an incident or incidents of a criminal nature recorded on it. This device will be provided for any Police investigation should this be required.

Mobile devices are not to have offensive ring or message tones. Inappropriate images are not to be used as screen savers and these images should not be stored on any device nor should they be charged at the College.

Inappropriate use of the mobile device will lead to the device being confiscated and the privilege of having the device at school withdrawn. This will mean that the device will have to be “checked in” at the student foyer each morning and collected again in the afternoon.

PLEASE NOTE the following expectations apply when students are listening to devices using earphones.

The supervising teacher will use their discretion in deciding whether it is appropriate for a student/s to be listening to a mobile device with earphones. In making this decision teachers will take into account a number of factors including the nature of the work that students are engaged in and the safety of students. These devices are not to be **used** at any time where their use would compromise safety. Further to this the following expectations apply:

- o the College allows the use of earphones but does not accept the use of headphones (earphones sit discreetly in the ear);
- o earphones are to be removed for all announcements including daily prayer;
- o listening with earphones at a high volume damages hearing. People in close proximity to the student listening should not be able to hear what is being played.
