

November, 2020

Dear Parents,

The College has lockers and these will be available for your son when he begins next year. The lockers come with a 3 digit combination lock (preset combination). If a lock is lost/damaged a replacement fee of \$15.00 will be payable.

The lockers have a number of advantages, principally that the boys need not carry all their books around with them each and every day. Also Chromebooks can be secured during recess and lunch. Together with the backpack the locker is an attempt to provide for the well being of the boys in their growing years.

I have printed on the back of this letter a copy of the “College’s Guidelines In the Use of Lockers”, and these outline the conditions upon which they are provided. Please read these guidelines.

The cost of a locker is \$40.00 for 2021. Payment for the locker can be made through the Qkr! App (within the Miscellaneous payments menu at anytime). Details are attached on how to download the App for either Android or iPhones.

Yours faithfully,

Mr P Brogan
Principal
